Contact phone number

Delivery option

Delivery cost is included in total price. If personal collection is preferred then total price is reduced. If delivery is required then hard case is included in total price.

Dimensions

Scarab guitar has a small body. The guitar neck push down the strap when playing in standing position. The extended horn moves the weight center forward so the guitar sits better on the shoulder.

Body shape

Left/Right hand

right

left

Scale length:

Nut width:

Fingerboard radius:

Dot marks on the fingerboard edge

yes

no

Components

Tuners color

Strap pins

Strap pins and jack socket will match the color of tuners.
